EDUCATION

CLAREMONT GRADUATE UNIVERSITY - AUGUST 2021 – MAY 2023

MA APPLIED COGNITIVE PSYCHOLOGY: USER EXPERIENCE

Relevant courses: Research Methods, Intermediate Statistics, ANOVA, Applied Cognitive Psychology

WORCESTER POLYTECHNIC INSTITUTE - AUGUST 2017 - MAY 2021

BS WITH HIGH DISTINCTION COMPUTER SCIENCE

BS WITH HIGH DISTINCTION INTERACTIVE MEDIA & GAME DEVELOPMENT

Relevant Courses: Human Computer Interaction, Mobile & Ubiquitous Computing, Computer Graphics, Webware, Novel Interfaces for Interactive Media, Game Development (I, II), Game Design (I, II)

EXPERIENCE

SOFTWARE ENGINEERING INTERN, FOUNDATION MEDICINE INTL. SUMMER 2020

Completed a summerlong project to convert Microsoft Dynamics 365 Business Workflows to Typescript.

Responsibilities included: completing stories, code reviews, contributing to sprint planning, and retrospectives.

SOFTWARE ENGINEERING INTERN, ROCKET SOFTWARE SUMMER 2019

Contributed to the open-source mainframe virtual desktop, Zowe. Completed a summer long project to enhance the logger and addressed bug tickets for the Zowe ZSS micro services API.

SKILLS

- **UX/Research:** Study design, usability testing, accessible design & evaluation, interface design
- **Programming Languages:** R, C, C++, Java, Kotlin, C#, Javascript, Typescript, HTML, CSS
- **Game Engines:** Unity, Unreal, Game Maker, Dragonfly, Perlenspiel
- **Frameworks & Software:** R Studio, Git, Node.js, AWS: S3, Lambda, RDS, API Gateway, Microsoft Dynamics 365, Android Studio, Agile Development, Solidworks, Maya

PROJECTS

Factory Reset: The Design and Evaluation of an Accessible Game; 2020-2021 — WPI Major Qualifying project

- Winner of WPI 2021 Provost Award in the Interactive Media & Game Development Department
- Designed, developed, and user-tested an accessible 3D video game.
- Project had a primary focus on accessibility from its conception through development

Memorialization of the Spaç Labor Camp; Fall 2019 — WPI Interactive Qualifying Project

- Winner of the WPI 2020 Presidents IQP Award
- Worked with NGO Cultural Heritage Without Borders (CHWB) and created a prototype digital reconstruction of the Albanian communist labor camp Spaç Prison. Project was continued by CHWB see: spacprison.com
- Collected eyewitness testimony from former prisoners and conducted usability testing on the prototype
- 2-month study abroad project completed as part of the degree requirements for WPI

Artsy App; Fall 2020 — 4-week group term project

- Designed and implemented a social media app, written in Kotlin with Android Studio

Team Julia Term Project; Fall 2020 — 7-week term project for Software Engineering

- Designed and implemented an online choice system using AWS and SQL
- Personal responsibilities: API design, feature implementation, debugging team code, and git management

ACTIVITIES & AWARDS

- Division III Coaches Association 2020 & 2021 All-Academic Women's Track & Field Team
- 2020-2021 Indoor & Outdoor WPI Track and Field Team Captain
